CITY OF FAITH PROGRAM COMPONENTS
The City of Faith Community Corrections Center program is divided into three types of components:
Community Corrections Component (CCC)
Residents in this component are confined to the facility except for job searches, employment, church, and required aftercare meetings. Residents in this component are not allowed social passes or weekend passes. In order for a resident in this component to go anywhere other than work, or aftercare meeting, requires an approved request signed by either the resident’s Case Manager or the Facility Director. Probation cases remain on CCC for the entire length of their stay at the City of Faith, whereas those residents here as institutional transfers remain on CCC for the first 15 days after their arrival. Residents who have not obtained employment within the first 15 days of their stay at the City of Faith will remain on CCC. The CCC component is also used as a sanction for violating certain rules and regulations of the program. Residents in the CCC can be identified by the color of their trip log.

Pre-Release Status
The pre-release component is for those institutional transfer residents (residents who come from the Bureau of Prisons) who have been at the City of Faith 21 days and have obtained employment. Being in the pre-release status normally allows the resident a little more freedom, such as social passes (Wal-Mart, haircut, and church), weekend passes, etc. Residents in the pre-release component are expected to be current on all conditions of the City of Faith program. This means all personal aftercare obligations that were set-up by their selves and their Federal Case Manager in the individual program plan. These obligations include opening a savings account, attending drug counseling, accountability, etc.
For Residents in the pre-release component can be identified by the color of their trip log.

Home Confinement Component
The home confinement component is for those residents on pre-release status. These residents are in the custody of the BOP and the City of Faith. It is the responsibility of the City of Faith staff to maintain proper documentation of the whereabouts of residents on home confinement at all times. This means documenting all of the resident’s movements. This component is similar to house arrest; the resident must make calls to the City of Faith to inform its staff of their movements. Failure of a resident to report all movements will result in the termination of the resident’s home confinement, and possibly the City of Faith’s program overall. Failure to document any of the resident’s movements could result in the same. Home Confinement is a privilege not a right. Home Confinement residents do not pay subsistence but are still required to submit their check stubs to the Program Manager within 48 hours of receiving the check.

CURFEW
City of Faith observes national curfew (9pm-6am). Consequently, upon a resident’s arrival, he or she is required to meet with his/ her case manager to develop an individual program plan which includes a mutually determined amount that the resident will deposit from their earnings into savings. Resident savings will be closely monitored by their case manager.

MONEY WAGES AND DEDUCTIONS

The only exception being a resident who is required to work during the regularly scheduled visitation hours noted above, arrangements will be made to facilitate visitation at another time.

A staff member of the same sex will search a visitor who consents to a search. A search may include a pat-down search of the visitor’s person as well as their personal belongings and vehicle.
   C. Arriving for a visit- intoxicated and/or under the influence of a controlled substance. The Director or her designee may make such determination.

7. Children visiting residents are expected to be supervised and well behaved. Residents are responsible for the behavior of the children visiting them. Failure by a resident to restrain a child’s errant behavior may result in termination of visitation and the suspension of such child’s privilege to visit.
8. Attorneys, their employees and law students in approved clinical programs may visit their clients at any time during normal working hours (7:00 am- 4:00 PM, Monday through Friday). A request for an attorney visit outside these times may be submitted to the Director for her consideration.
