DISCIPLINARY ACTION:

- A. The Company has adopted a zero tolerance policy toward victimization and sexual abuse within our facilities through the PREA Program. It is imperative that all Company personnel take appropriate actions to properly document and investigate allegations of sexual assault, sexual misconduct, sexual harassment and sexual coercion. Full investigations, appropriate reporting and compliance to the standards program are crucial to the success of the program and will be treated as a top priority by administrators and investigators. (§115.222(A))
- B. Staff that violate this regulation may receive disciplinary action, up to and including termination. Appropriate steps shall be taken to ensure fairness and due process.
- C. City of Faith does not have an outside agency that is responsible for collective bargaining on the agency's behalf, which would limit the agency's response concerning disciplinary actions concerning staff members. (§115.266)

Disciplinary Sanctions for Staff §115.276):

1. Staff are subject to disciplinary sanctions up to and including termination for violating agency sexual abuse or sexual harassment policies.
2. Termination is the presumptive disciplinary sanction for staff who has engaged in sexual abuse.
3. Disciplinary sanctions for violations of policies relating to sexual abuse or sexual harassment (other than actually engaging in sexual abuse) are commensurate with the nature and circumstances of the acts committed the staff member's disciplinary history and the sanctions imposed for comparable offenses by other staff with similar histories.
4. All terminations for violations of agency sexual abuse or sexual harassment policies, or resignations by staff who would have been terminated if not for their resignation, are reported to law enforcement agencies, unless the activity was clearly not criminal, and to any relevant licensing bodies.

Corrective Action for Contractors and Volunteers (§115.277):

3. The disciplinary process considers whether an offender's mental disabilities or mental illness contributed to his or her behavior when determining what type of sanction, if any, are imposed.

2. The Department may discipline an offender for sexual contact with staff only upon a finding that the staff member did not consent to such contact.
3. For the purpose of disciplinary action, a report of sexual abuse made in good faith based upon a reasonable belief that the alleged conduct occurred does not constitute falsely reporting an incident or lying, even if an investigation does not establish evidence sufficient to substantiate the allegation.

For at least 90 days following a report of sexual abuse, the PREA Coordinator shall monitor the conduct and treatment of inmates and staff who reported the sexual abuse and of inmates who were reported to have suffered sexual abuse to see if there are changes that may suggest possible retaliation by inmates or staff, and shall act promptly to remedy any such retaliation. The PREA Coordinator will monitor inmate disciplinary reports, housing/program changes, and negative evaluations or counseling forms for the staff. The PREA Coordinator shall continue such monitoring beyond 90 days if the initial monitoring indicates a continuing need. (c)
